
Identity

The King or Queen of a country is very special. They spend a lot of time visiting and supporting people, using their time and position to encourage people.

What makes you who you are?

How could you use the things you're good at to help others?

Christians believe that God gives us all different skills and talents that we can use to help and encourage others.

You are very special and unique. Have a think about the things that you're good at. Maybe you're a good listener or friend. Maybe you can sing well or are brilliant at Maths.

If you would like to, think about yourself and your gifts, thread a button onto a pipe cleaner to make a flower and plant it in the pot. Reflect on or pray about how you could use your gifts to help others.
