
World Leaders

The King or Queen is the head of State. They meet every week with the Prime Minister to hear all that's planned for our country.

Do you find it easy to make decisions? Imagine if you had to decide something that would affect the whole country!

Christians will often read the bible and talk to God when they have decisions to make.

We are going to be thinking and praying about leaders of countries in our world, they have difficult decisions to make every day and need wisdom.

If you would like to, have a look at the world map. Is there a country that you'd like to think/pray about? Write its name onto a sticky note and stick it on the edge of the world map.
