
Please - Lion

I wonder whether you have ever been scared of something or worried about something?

We're in the please area here so we're thinking about saying 'please help!'

Christians believe that God cares about all their worries and needs and that He hears all their prayers.

I want you to think about the thing you are worried about or scared of.

If you would like to, write or draw it on the piece of paper as a thought or a prayer, fold it up and then be brave – put your hand in the lion's mouth and let go of that piece of paper.
