Space

What does the Earth look like from space?
What is similar or different about countries around the world?

Some people have lots of money; others don't have very much. Some people live in nice homes; others live on the streets. Some people live peacefully, and others are surrounded by war and fighting.

Christians believe that God asks them to look after the world around them, including people that live near and far from them.
How do we show love to people around the world that are suffering and finding life hard?

If you would like to, take a heart sticker and stick it around the outside of the world as you think about or pray for people who are suffering, asking God to help.
