Opportunity Keys

Life offers lots of opportunities, it also presents us with lots of challenges. Christians believe that God can help them to have the motivation and courage to try something new, or to keep going when things are hard.

What opportunities and challenges are you facing? Maybe you've got an opportunity to do something new? Maybe a particular friendship is challenging? It could be at home, at school or something for you.

What key do you need to unlock the door?
Imagine that these things are like a door into something new.

If you would like to, place one of the keys in the bowl as a symbol of choosing to unlock your opportunity or challenge. You can also write a thought or a prayer onto a post-note about this, perhaps to help you have courage.
