People

Sometimes the most special place is with a special person, who makes you feel safe and happy. Other people also have their own needs and sometimes it is our turn to care for them.

Christians believe that God helps them to notice when other people are in need.

Think about someone who is in need. This could be someone in your family, a neighbour or a friend.

Make a pipe cleaner person to remind you of them. Hang it up on the string and think of a 'please' prayer or thought, asking God to help that person.
