Sunshine

How does sunshine make you feel?
What are you thankful for?

We have many things to be thankful for in our lives. This could be people we love, places we like to visit, things we have that make our lives more comfortable, talents we have...the list is endless!

Christians believe that all good things come from God.

If you would like to, think of something or someone that you're thankful for. Draw around your hand on yellow paper and then write or draw your thank you prayer or thought inside it. Then cut it out and glue it onto the sun.
