# Thank you

There are lots of things we do where we work together as a team. This could be in the classroom, in sports or at home. Who do you like being in a team with or spending time with?

It's great to have friends and family around us who support and encourage us. Christians believe that it's important to say thank you to God for the people around them.

**If you would like to, take a fish and cover it with as many names or pictures of people you want to say thank you for. Then attach it to the net. You might like to say a prayer or think about how thankful you are for these people.**
